fund that is coming in from the collection of municipal sales tax rather than putting it back into the cash fund and I tried to argue at that time there wouldn't be enough money coming into the cash fund so the they could operate so I had moved it previously to general fund and they were opposed to that.

SENATOR F. LEWIS: Senator Bereuter, you lost the battle and I went down with you. I think we ought to take our defeat graciously and not change the set up. That's the way people wanted it. That's the way they got it. I am not a sore loser. I understand when I am beaten on this floor by legitimate votes. Obviously, we were handed a defeat and I am disappointed that you want to bring this issue back up to the Legislature again.

SENATOR BEREUTER: I am still smarting from that defeat.

SENATOR F. LEWIS: Let it lie. Let it lie. I rise to oppose the Bereuter amendment. I don't want to take any more time on what's already been done. Let's go with it.

PRESIDENT: Senator Mahoney.

SENATOR MAHONEY: Mr. President, I wasn't going to say a word but I have to defend...Senator Lewis was not here this morning and, evidently, he is fresh from the paths and has to get involved soon in lecturing the rest of us and, Senator Lewis, my nose can only get into the mud so far without me not rising up and defending myself, and since you have decided that this is the Ev and Jerry show, with you and Senator Bereuter, I would not sit here, and, Mr. President, I can finish this up very quickly. This is disturbing. I was gone to a dentist a week or two or three weeks before when this amendment was put on the bill and the bill was passed, and, Senator Bereuter, some of us don't have as great an attendance records as others, and, consequently, the bill did pass and I was defending my position and thought I did a good job because we won and I, graciously, at this time, apologize to the Legislature and say that I fought a good fight but on that occasion, even Senator Mahoney makes mistakes, Senator Lewis, and you will do right by following Senator Bereuter in taking this amendment off even though there is a \$50,000 difference in the amount. Thank you.

PRESIDENT: Senator Simpson.

SENATOR SIMPSON: Mr. President, members of the Legislature, two wrongs never make a right. I think, you know, we have done this now. I think we are just going to have to stay with it. It looks to me like we lost the big battle and we had better hang in there. I think we told them everything the other day that was going to go on in this and the amendment went one way. Now why should they reconsider and change the whole area. I think we ought to leave it, leave it lie.
